UNIT 3: GOING PLACES

LEE ESTE TEXTO LLAMADO “MOST EXCITING THING I EVER DONE” PARA PODER HACER TU PROPIO PÁRRAFO

- × The most exciting and scary thing I’ve ever done is fly in a small 4-seater plane. The pilot was the boyfriend of my best friend. It was a very beautiful day and we decided to go for a ride- but in a little propeller plane. I had never been in such a small plane before. My friend, Susan sat in the co-pilots seat. During the flight her boyfriend asked her if she would like to fly the plane. While she was at the controls, the pilot, Jason kept saying things like - if you turn the wings a little more to the right they will snap off and if you turn them to the left we will crash. I was so scared! I didn’t know if he was kidding or if it was really true. Finally after what seemed like a week Jason took over the controls again. Still it was a very smooth and pleasant flight. There were no bumps at all. But I was pretty scared when my friend was flying the plane, and I was very glad to be on solid ground again. I never had the opportunity to be in such a small plane ever again, but I would be glad to do so.
